## b) Community Issues/Concerns/Information

We will be submitting a budget for a Halloween event that we would like to conduct for the youth in Cass River.

We are planning on creating a FAMILY NIGHT for the community to be held in conjunction with the LIC meeting each month, we will send flyers with info soon, and plan is as follows;

Meet as scheduled, potluck, and family activities

For November the Family Activity planned will be FOOD BINGO, to see how this goes over, and if it goes well we will continue or get ideas from the community on what type of family based activities they would like to participate in.
