No one in the O.L.I.C has received minutes from RTC meetings for a few months. Would like to have these again.

We would like a letter from Curtis Buckanaga saying that we will do the District III council elections all on the same day.

ENP site has been without hot water for almost a month. This is a safety issue for food preparation. Head cook has to boil water to do dishes. Needs to have something a.s.a.p. it is sanitary issue. Our community center also needs many repairs, bathroom, kitchen, ect.
