

Onigum O.L.I.C. Meeting August 12, 2014

Members present: Faye Haugen, Victor Thompson, Priscilla Smith, Walter Sam Reese

Members excused: Lillian Reese, Faron Jackson

3

Others Present: Mike Donnell, Lisa Becker from LL DRM Plant Department

Meeting called to order at 6:23.

Lisa and Mike put on a slide show and discussed Invasive Species of plants in the area. There was mowing done in the ditches and they will be coming to get the invasive plants.

Old Business: Eric DeVault did come check on the bathroom toilets and sinks. The septic was drained. He unplugged the toilets and fixed a leak on the water heater.

The showers need to be fixed by taking the wall down. The women's sink is leaking underneath because the pipes are rusty. The water heater is very rusty. The kitchen sink leaks and the stove oven doesn't always work. The center needs lighting all around.

John Rice was hired as building maintenance and worked hard the first day to clean the center.

Our community wants to know if we are getting a new center.

New Business: Dean from heavy equipment said he would come after the Onigum powwow and take care of the dance arena. We would like this done before the snow flies.

Priscilla makes motion to adjourn, Faye seconds, all in favor. Meeting adjourns at 8:24 p.m.
